

Water and Sewer Utility

WALDO, WISCONSIN 53093

Application for Establishment of Services

_____ is hereby making application for water and sewer from the Waldo

Water and Sewer Utility for the following property (Please give legal description): _____

This service is to serve (circle one): Residential / Commercial / Industrial

It is agreed that installation of the service pipes from the curb line to the point of use will be laid at least six feet or more below the surface of an established or proposed grade according to utility specifications and that pre-mises have adequate piping beyond metering point.

There is a one time connection fee (Wisconsin Statutes § 66.0617) consisting of 1 / \$1,500.00 for potable water and 2 / \$1,500.00 for wastewater collection and treatment for this service for each residential equivalent unit. The fee must be paid in full with this application.
